Develop marketable, transferrable skills that lead to employment!

With a goal of sustainable, competitive and integrated employment, Project SEARCH assists each intern with the development of positive work etiquette, business-specific vocabulary, job discovery, self-awareness, increased confidence, and life skills – all within a diverse work environment.

Employment Preparation

Daily experiences take place in a variety of employment settings at Mohegan Sun such as retail, food services, distribution, and environmental services.

Engaging Internships

Through three internship rotations, individuals participate in on-the-job training with daily support from the internship department together with UCP skills trainers.

Employment Assistance

Following this intensive training program, the UCP skilled trainers assist each individual with identifying employment opportunities and preparing for interviews.

Ongoing Support

Once employed, UCP staff assists with transitioning and will continue to support employment through follow-along services and supportive employment.

Host Business Partner

UCP of Eastern CT, in partnership with Mohegan Sun.

To learn more about this exciting new program please call **860-443-3800 ext. 118** or visit us online at **www.UCPECT.org**.
